# WELCOME TO THE 60TH ANNUAL ART IN THE PARK FESTIVAL BENEFITING BOULDER CITY HOSPITAL

For many in our Southern Nevada community, a treasured indication that Autumn is officially on the way appears as temperatures start to lower, days get a bit shorter, and the beloved Boulder City Art in the Park makes its appearance the first weekend of October. Not only is it an art lover's dream come true, but it's also the anniversary of the signature fundraising event hosted by the Boulder City Hospital Foundation with all proceeds benefiting Boulder City Hospital.

Boulder City Hospital (BCH) is a 501(c)(3) nonprofit, private Critical Access Hospital (CAH) with 25 acute/swing beds, 10 acute psychiatric beds, 47 Long Term Care beds and more than 250 staff. Our Hospital is not supported by a taxing district, corporate healthcare system, or mining dollars and relies on donations from the community and the efforts of the Boulder City Hospital Foundation.

The Boulder City Hospital Foundation is a separately registered nonprofit 501(c)(3) charitable organization established in 1995 to raise funds for capital equipment and improvements in support of our community Hospital and in the past five years has raised over \$1.5 million through fundraising events such as Art in the Park, the Heart of the Community Gala, and Annual Appeal .

The annual Art in the Park festival draws up to 100,000 visitors and is comprised of a varied and exciting range of fine art, fine craft, and traditional artists along with a midway of culinary delights and live entertainment. It is widely recognized as the largest outdoor art festival in the Southwest! This year's event features hundreds of artisans located throughout the heart of Boulder City among its four beautiful parks. It's simply amazing that the Boulder City community has spent the past half century ensuring its residents are provided with superior healthcare and it all started from humble beginnings.

Reaching back to the 1930's when Hoover Dam was a project guided by the WPA, thousands of workers descended upon the area to build one of the major marvels of the world at the time. Due to the strenuous, and often times dangerous, work involved, the Government set up a facility to treat the workers associated with the project.

As the early 50's rolled around, and with the Dam project long completed , it was decided by the government to close the Hospital facility. When the residents of this quaint, beautiful town heard the news it sent them into a grassroots mode with the sole aim of saving the Hospital and establishing a nonprofit resource for its residents. Through hard work and innovative thinking, the Women's Hospital Auxiliary organized the first Art in the Park event in 1962 in Ralph and Sarah Denton's back yard to go along with other fundraising events.

As one of the city's largest events, Art in the Park wouldn't be successful without the combined efforts of members of our communities. It is the hard work of the Boulder City Hospital Foundation, Hospital staff, Boulder City Chamber of Commerce, Boulder City Police and Fire Departments, Boulder City Parks and Recreation, and the City of Boulder City, who make this festival successful. Everyone who can help comes out to set up the area days before the show. Countless hours of setting up booths, registering hundreds of artists and being sure that every little detail is covered.

A full spectrum of artists and craftsmen can be found at this spectacular event. Guests shop and indulge in delectable fare and refreshments at any number of food and beverage booths. Art in the Park always features a variety of food choices from hot dogs, hamburgers, roasted corn on the cob, barbecue sandwiches, Italian, Mexican, Greek, and Chinese fare to desserts and ice cream. Entertainment is a standard at Art in the Park. While strolling the parks and viewing artist works, guests are welcome to relax in the shade at Bicentennial Park with refreshments while enjoying the stage entertainment from Boulder City's gazebo. Since the inception of the festival every talented artist has donated one original piece to the Art in the Park raffle. That tradition continues today, making every raffle prize a "hot treasure!" Raffle tickets are available at the raffle booth at the west end of Bicentennial Park. Raffle winners will be notified by phone and may pick up their prizes at the event or at the Boulder City Hospital Foundation office.

## Artist Spotlight – Jennifer Main

### This Year's Featured Artist, Available at Booth #82 in Wilbur Park

Jennifer Main is one of the most beloved native Las Vegas artists. She began her career with Art Encounter at the young age of 17 and has continued successfully, based in Tustin, California, where she works in her home studio. Jennifer describes herself as a super shy kid whose love for art began as a young girl when she discovered she could speak freely and boldly through her art. This lit a creative fire in her. She continued to develop her talent by attending art classes, which led to her first piece of art being displayed and sold at a local café at the age of 15. Jennifer graduated from the Las Vegas Academy of International Studies, Performing, and Visual Arts and attended the prestigious School of The Art Institute of Chicago.

Her work was featured on MTV's Real World, Discovery Channel's American Casino, and the red carpet premiere for Warner Brothers' movie "Racing Stripes." She has painted the likeness of Jim Clark, venture entrepreneur and founder of Netscape; Alvy Ray Smith, co-founder of Pixar Animation; legendary Siegfried and Roy; and the great jazz entertainers Al Jarreau, Clint Holmes, and Dave Koz.

Jennifer's style and theme developed as something within her was unlocked as a young artist. The uniqueness of her style is instantly recognizable for her fearless use of vibrant color and the raw energy that her paintings exude. Her favorite subjects to paint are people – especially the face – using the eyes to tell a story and offer a reflection of the soul and spirit. Jennifer explains that she enjoys exhibiting images that explore love, and expressing her passion for music by using instruments in her work – Jennifer plays the piano and guitar. Her themes often speak messages of the freedom of movement and the spirit of God. "I am influenced by all artists in some way, but get my inspiration from nature, everyday life experiences, and most importantly I am inspired by the Bible. Oftentimes, my vision for creating comes from the Word," she says.

Many times she begins a design with the theme as it exists inside her, starting the process by being still and asking herself, "What do I need to express." Or perhaps she'll start with a simple sketch and let it draw itself instead of beginning with a planned theme.

You'll always find music playing in Jennifer's studio as she captures on canvas a feeling or emotion inspired by a song of worship, a mellow jazz tune, a classical piece, or an upbeat oldie-but-goodie song. The subtle yet strong messages conveyed through her work are expressions of her faith in God. "They naturally lead to unforced conversations that build a bridge deeper and faster into someone's heart," she explains; and that is what her collectors are so drawn to – they truly can relate to her paintings.

What Jennifer enjoys most about being an artist is the freedom to not have rules. "Life has a lot of rules, but when creating art there are no rules to break," she says. She explains that art has a language of its own; it expresses more than words can say. When asked what bring her joy, Jennifer says, "The joy of creating, being surrounded by nature, and the ultimate joy is worshipping God and being in his presence every day...that makes me smile."

This year's poster and shirt feature "Know the Beat of My Heart," which perfectly portrays Jennifer Main's love of color, freedom of movement, and passion for the arts.
